

2011 GOLF LEAGUE PROCEDURES SHEET

PLAY

- 1) Early division begins 2:30-4:30. If playing earlier, contact pro shop for tee times.
- 2) Late division begins 4:30-6:00.
- 3) If one of the teams cannot play the match as scheduled, one of the procedures outline below should be used. No team may implement this procedure more than two times during the season for their reasons. The match must be made up prior to the next scheduled league date.
 - a. Make the match up at a mutually agreeable time.
 - b. Match cards, with each team playing the same nine and filing the results (the team invoking this procedure must be noted on card).
4. Scorecards should be signed by one player from each team. Each team should check the card for accuracy immediately after play. The card is considered official when it is deposited in the TNL box.
5. When a substitute plays, his handicap is used to determine who he plays; i.e. if his is the lowest handicap on the team, he plays the other team's lowest handicapper.
6. Players who are over 65 and have a league handicap of 10 or more have the option of playing from the gold tees. To implement this option, they must let the league coordinator know they wish to do so. The current league handicap will usually be reduced by one stroke.
7. No rain date is on the schedule this year. If a rain-out occurs, there will be no make-up.
8. If there is an odd number of teams in a division, one team each week will be scheduled to play the "phantom" team. You will turn in a scorecard for 9 holes. The computer will pick the players you play against and compute the results.
9. The next to last week will be a "positioning" week (1-2, 3-4, 5-6, etc).
10. The last week is a 4-man captain and crew format played just before the banquet. You set up the teams. Prizes are awarded. If this is rained out, the banquet is held but the captain/crew is not.

SCORING

- 1) 6 points are available each night, 2 for each individual match and 2 for the team match.
- 2) **If one team cannot play or make up, the other team receives 6 points.**
- 3) **If teams do not play a match, the teams each receive 0 points.**
- 4) Gross scores only on card.
- 5) Total the score for each golfer on the card. This helps when the scores are entered in the computer.

HANDICAPS

- 1) Both individual handicap strokes (o) and team handicap strokes (+) are on the card.
- 2) The handicap indicated is your 9-hole handicap multiplied by 2. This puts the handicapping information for both the front and back nines on the card.
- 3) If a player played last year, his starting handicap will be his league handicap from last year.
- 4) A new player will use one-half of 80% of his regular club handicap. After he has played 4 times, his league handicap will be figured based on his league play only.

SUBSTITUTES

1. Each team is responsible for getting their own substitutes. The substitutes full name must be noted on the card. A substitute list is available on the Tuesday Night League bulletin board in the locker room. Any MGA member (all male members of OCC) may substitute in the league.
2. A non-member of the club may substitute but the following procedure must be followed:
 - a. He must make arrangements to play through the pro shop.
 - b. The index number, handicap or approximate score for 9 holes must be put on the scorecard. The player will be given 80% of his figured handicap.
3. No team may have 2 subs on the same night.
